

**GRANT WATER AND SANITATION DISTRICT
REQUEST FOR UNDERDRAIN VARIANCE**

_____ (Developer/Builder), whose address is _____, and whose telephone number is _____, hereby submits to the Grant Water & Sanitation District, a request for variance from the District=s underdrain requirements in Section 7 of the District=s Rules and Regulations for the following reason(s): _____

_____.

This Request for Underdrain Variance is for _____ construction (specify commercial slab, multifamily residential slab, or other).

Developer/Builder hereby submits for the project/structure located at _____, the legal description for which is _____, one signed, original Underdrain Variance Agreement and the following technical documentation to support the reason(s) for the variance request stated above:

1. A letter from a geotechnical engineer stating foundations drains are not required.
2. A copy of the geotechnical engineer=s report, including narrative, of boring logs and a boring location plan.
3. A site grading plan showing existing and proposed grades, boring locations and identifiers, location of all structures with lowest level finish floor (F.F.) Elevation and a foundation detail showing F.F. Location on typical section.

If the variance request is approved by the District=s Engineer and Manager, the Underdrain Variance Agreement will be signed by the District and a copy the original returned to the Developer/Builder at the address indicated above.

Submitted this _____ day of _____, _____.
